# Aleksi Svaridze

Chubinashvili 13a, Tbilisi • 593539095 • aleksi.svaridze82@gmail.com

**Front End Developer**

With over 2 years of experience in Html/Css markup development, I have honed my skills in ReactJs, scss, less, and tailwindcss. I contributed to updating www.Lupi.ge and collaborated on creating www.tvschool.ge. I spearheaded the organization of markup in a ReactJs environment and optimized teamwork skills.

## WORK EXPERIENCE

**Lupi.ge**                                                                                    **11/2019 - 05/2021**

A creative company where many educational projects have been founded

**Html / Css Markup Developer • Full-time**                                                    **Tbilisi**

While working at Lupi, I also had the opportunity to participate in the update of the markup of www.Lupi.ge.And I started creating www.tvschool.ge with the team, where I organized the markup in a ReactJs environment, using scss, less, and tailwindcss. Working at Lupi gave me great experience in both getting to know and refining web technologies, as well as improving my teamwork skills.

## EDUCATION

**Certificate in Front end development**

academy.dk.ge • GPA: 10 / 10                                              Tbilisi • 09/2023 - 09/2025

With the help of experienced lecturers at the academy, I studied JavaScript and ReactJS.

I created my final project, www.reach-star-blog.netlify.app, using the API.

**Certificate in Markup Development**

geolab.edu.ge • GPA: 10 / 10                                              Tbilisi • 12/2018 - 02/2019

In Geolab.edu.ge, we went through HTML, CSS, JS technologies.

As a final project, I made www.stickersjs.netlify.app
